Hog Island shipyard at Philadelphia, built at a cost of about \$70,000,000 to the government, will be closed February 1, unless disposed of by that date.

J. W. Patterson, reputed to be the tallest man in the United States, has just died at his home in Bloomburg, Texas. He was seven feet five inches tall.

The two minutes' silence on Armistice Day in memory of those who died in the World War was observed as far as possible throughout the British Empire.

Imports of Canadian wheat and flour during the first fifteen days of October were greater than in any corresponding period during the past seven years.

France, Great Britain and Italy have signed a tripartite agreement in which the undertake to support each other in maintaining their spheres of influence in Turkey.

As a result of the settlement of the coal strike in England, American ships will no longer have to take aboard at home ports enough coal to make the round trip to England.

The vote in California against alien land ownership was almost three to one. The amendment voted on will prohibit Japanese from owning and holding land in the State.

Robert Taft, son of former President Taft, has been elected a member of the Ohio House of Representatives. He will take his seat when the legislature convenes early in January.

Italian farmers and peasants are threatening to take a vast hunting estate belonging to the king of Italy unless he divides up the property and lets it at reasonable prices.

Ex-Governor Horace E. Graham, of Vermont, recently convicted of embezzlement and sentenced to imprisonment for five to eight years, has been pardoned by Governor Clements.

Fewer persons were killed on the railroads in this country during 1919 than in any year since 1898. A total of 6,978 persons were killed and 149,053 injured during the year 1919.

Consumption of petroleum in this country reached the high figure record of 48,670,000 barrels in September, while production decreased slightly, the Geological Survey reported.

Champ Clark, member of Congress each session except one since 1893, from the Ninth Missouri Congressional District lost his seat in the House of Representatives to R. W. Hukreide by 3,912 votes.

The United States battleship Tennessee, which has been sailing on the high seas for the past few months, is at the navy yard in New York, where she will remain for about thirty days for engine repairs.

The Turkish passenger liner, Gul Djemal, which reached New York harbor last week, was the first steamship flying the Turkish flag to enter that port within the memory of the oldest ship reporters.

The last vestige of government control over sugar was removed when President Wilson signed a proclamation providing for the revocation of licenses held by wholesalers, refiners,

exporters, and importers.

The first large shipment of American relief supplies for the Jews of Soviet Russia has been started from the Baltic port of Revel, Esthonia, for Moscow, under a convoy furnished by the Russian government.

The government has taken steps to prohibit not only the use of beer, ale, and porter, but the use of their names and their widely known synonyms, such as "lager," "bock," or "stout" either with or without prefixes or suffixes.

Miss Alice Robertson, former cafeteria owner, of Muskogee, Okla., defeated Congressman W. W. Hastings, who has represented the Second Congressional District of Oklahoma since 1914. She will be the only woman in Congress.

A woman has been elected to a seat in the Indiana Legislature for the first time in the history of the State. Mrs. Julia Nelson, of Muncie, was elected being nominated by a group of Clark D. McKines, who died a week before the election.

Commander Warren J. Terhune, naval governor of Samoa, shot and killed himself at noon November 3, three days before the battleship Kansas was due to arrive with the Naval Board of Inquiry from Washington, D. C., to investigate charges against his administration.

LUKE MCLUKE SAYS.

Once upon a time a man married an American Beauty who had red hair, white skin and blue eyes. And a little later on he saw stars.

Before he gets her, everything wrong she does is right. After he gets her, everything right she does is wrong.

If Mother can't start a fight any other way she'll begin telling Father what a lot of fine men she could have married if she hadn't been a big enough dumbo to marry what she did.

The 17-year-old boy who wanted a goat and a wagon and a set of harness now has a ten-year-old son who wants a six-cylinder roadster.

It has just about gotten so that if a man talks sense these days people call him an old fogey and begin dodging him.

It doesn't take the children long to learn that Mother's people are far superior to Father's people.

Leave it something that makes a girl sit and listen to a fool man talking and imagine that he is saying something. —Cincinnati Enquirer.

## LOUISVILLE MAN GAINS 17 POUNDS

SAYS TANLAC PROVED TO BE THE VERY THING HE NEEDED AND HAS RELIEVED HIM OF ALL HIS TROUBLES.

"I have actually gained seventeen pounds in weight on three bottles of Tanlac," was the statement made by James H. Johnson, of 1725 Crop St., Louisville, Ky.

"For some months I had been in a badly run-down condition. My appetite was very poor and even the little I did manage to eat fermented and bloated me up with gas until I was in perfect misery. My nerves were so upset I could never get a good night's sleep. I felt tired and worn out all the time, just had to force myself to work and was going down hill every day."

"I remembered that about two years ago when I was in a run-down condition and my kidneys were worrying me a great deal, I had taken Tanlac with wonderful results, so I decided to try it again. I commenced improving right away and in a short while my appetite was so good my wife said she could hardly cook enough for me to eat. I can eat meat just anything I want without having a particle of trouble afterward. My nerves are in fine shape, I sleep well and that tired, worn out feeling is all gone."

Tanlac is sold in Louisa by Mrs. J. H. Reynolds. (Adv.)

## THREE GENERALS TO BE IN GUARD IN THE STATE

Frankfort, Ky.—Kentucky will have two Brigadier Generals of the National Guard, besides the Adjutant General, who takes that rank under the State law. It has been many years since that many general officers, recognized by the War Department, have been claimed by the State.

Adj. Gen. Jackson Morris, who has returned from a conference of State Adjutants for the Fifth Corps Area at Fort Benjamin Harrison, announced that under the allotment of troops agreed upon there, Kentucky will have a Brigadier of Infantry and one of artillery.

Ohio will have a complete Infantry brigade with auxiliary troops, and Kentucky, Indiana and West Virginia will be in the other brigade of the corps.

General Morris was successful in protecting the units already organized in Kentucky, including five cavalry troops. Tentative plans would have cut down this apportionment and necessitated converting one or more of the troops into some other arm of the service.

The allotment agreed upon has been forwarded to Washington for departmental approval, and as soon as this is obtained, the complete list of various branches, which may be organized in Kentucky, will be announced.

## Cattle Market Demoralized by Panic Farmers

Chicago, Nov. 17.—Half fed, inferior grade cattle, being rushed to the Chicago stock yards from all parts of the country by panic stricken farmers are causing demoralization of the cattle market, according to Albert Baker, head of the United States bureau of markets here today. Baker appealed to farmers to stem the tide.

Farmers, Baker said, have become demoralized because of timidity over falling live stock prices and are unloading under weight stock on the market which has caused wide breaks in prices.

It was estimated that there was close to \$5,000,000 in the stock yards at the opening today. This is the largest number in two years.

Cattle prices broke and stock sold for \$1 lower yesterday than the previous days close and from \$2.50 to \$3.00 cheaper than two weeks ago. Prices yesterday ranged from \$7.50 to \$12.50 with the prospect today that prices would be cheaper.

Cattle prices are cheaper now than any time since 1916.

Farmers are cutting their own throats by sending under weight cattle to slaughter," Baker said today. "It stands to reason that well fed cattle will bring better prices than the inferior grade now being sold. Feed is much cheaper and there is no reason why farmers should not hold their stock until they are more mature."

Baker said the grade of cattle being dealt in was poorer than anytime for several years.

Demoralization of the cattle has had little effect on the hog market, according to Baker.

Porkers sold from 25 to 35 cents lower yesterday. Baker expects further declines in hogs but predicted the decline would go down gradually.

## \$100,000 Verdict for a Catlettsburg Woman

A verdict for \$100,000 was returned in United States District Court in Cincinnati in favor of the plaintiff in the suit of Guy W. Mallon, Cincinnati, as receiver of the Superior Portland Cement Company vs. Justus Collins, Charleston, W. Va., former president of the company.

This is one of the largest verdicts ever returned in the Federal Court at Cincinnati, and represents just one half of the amount sought by Receiver Mallon to be recovered in this suit.

The case grew out of the receivership suit of Mrs. Frances H. Williamson, wife of Rush Williamson of Catlettsburg, vs. Justus Collins, which has been pending in the Cincinnati Federal Courts more than five years. In 1916 receivership was lifted and the property turned back to the company. Then it was that Collins resumed control and he operated the company until the latter part of 1917, when the company again was placed in Receiver Mallon's hands.

In his action against Collins Mallon charged that Collins had mismanaged the affairs of the company, and through various alleged acts of negligence had so cut down the cement production of the company as to cause it a loss of \$200,000.

## Vote in Harlan is Being Probed

Harlan, Ky.—Five Federal agents are already in Harlan county investigating the conduct of the election here November 2. Their investigation thus far shows grave irregularities of such nature as to indicate many violations of the law have occurred.

With this basic knowledge already gained a crew of ten agents are expected to arrive within several days to assist in the probe. They will come to Harlan from Washington and will work under direction of officials there.

Numerous violations have already been uncovered, it was stated, of sufficient character to warrant criminal prosecution. The frauds range from intimidation to voting persons under age and those not eligible to vote. Evidence already shows irregularity of a serious character in many of the booths of the county.

The investigation, which will be pressed to a conclusion, will be conducted to ascertain violations of the Federal election laws only. Whether prosecutions will follow the investigation is not known, but it is believed that the facts will make this imperative. The findings of the agents are expected to be sensational and will involve many prominent persons of this county. —Courier-Journal.

## "How We Cleared Our Summer Home of Rats," by Mrs. Perry.

"When we opened our seaside home last May, it was alive with rats. They'd gnawed all the upholstery. We cleaned them out in a week with RAT-SNAP. I prefer this rat killer because it comes in cake form, no mixing. Saves dirtying hands and plates." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Louisa Drug Company, Louisa, L. F. Wellman, Louisa, R. T. Berry & Son, Blaine, Frank Frasher, Ft. Gay, W. Va.

## ANOTHER WARRANT ISSUED IN PARSONS MURDER MYSTERY

Harlan, Ky., Nov. 16.—The examining trial of Dr. H. C. Winnes and Jim Robinson, negro ex-convict, charged with the murder of Miss Laura Parsons, was expected to come to a close today, although the expected arrest of the negro convict, Courtney ("Hickory") Kendall, for whom a warrant was sworn to yesterday during the trial, may necessitate the hearing of further evidence.

No new light was thrown on the murder of the Pine Mountain Settlement teacher, but the testimony of F. B. Fawbush, chief mechanic for the Wisconsin Steel, Coal & Coke company, Benham, Ky., was responsible for the warrant for Kendall, Fawbush said he overheard several negro convicts talking at Dillon, and one said: "They're going to keep 'Hickory' off the water cart. He's been laying out in the mountains today." Further evidence showed that Kendall was removed from his post the day following the crime because he had been "loafing on the job."

A dozen character witnesses appeared yesterday for Doctor Winnes. Dr. W. T. Hoskins, Pineville, who rode on the train from Dillon to Pineville with Doctor Winnes, testified that the defendant appeared nervous and excited and appeared as if he had been drinking.

After asking Doctor Winnes what was the matter, Doctor Hoskins testified that he said:

"You Bluegrass fellows come here and drink too much white liquor." This Winnes denied, but declared, Doctor Hoskins said, that he had not slept for three nights and had worked hard at cattle testing at the Pine Mountain School.

Doctor Winnes told him, the witness said, that he stayed all night at Dillon, but could not sleep because two miners stayed in the same house and kept him awake by their restlessness. Winnes told Doctor Hoskins, the latter said, that he walked the floor all night. He appeared very nervous and continually asked about his train connections at Corbin. Doctor Hoskins said, appearing very much disturbed when told he would miss his train. Doctor Hoskins said he saw an abrasion on Winnes' arm, and on asking was told that it was caused while working with cattle.

Sheriff Howard testified that when he first examined Winnes after the crime the veterinarian told him he left Dillon thirty-five or forty minutes behind Miss Parsons, but since then had extended the time.
